

Kirk Juranus, District Engineer

**ADDENDUM 001
REQUEST FOR BIDS
(14,000 LB Tandem Axle Trailer)
RFB # (D8PP-9020)**

Bidders shall acknowledge receipt of Addendum 001 (ONE) by signing and including it with the original bid. The due date for receipt of bids remains unchanged by this Addendum. Accordingly, the following clarifications, questions and answers are believed to be of general interest to all potential Bidders. All other terms and conditions remain unchanged and in full force.

Name and Title of Signer (Print or type)	Name and Title of Department Authority Name: Andy McNeill Title: Intermediate Procurement Agent
Bidder/Offeror Signature (Signature of person authorized to sign)	Department of Transportation  (Authorizing Signature)
Date Signed:	Date Signed: October 27, 2008

QUESTIONS/CLARIFICATIONS

Question:

Will trailer be required to have a 6" or 8" channel frame?

Answer:

Either size will be acceptable. Please submit manufactures specifications with your quotation.

Question:

Are diamond tread plate fenders required, or are heavy-duty fabricated smooth fenders allowed.

Answer:

The intent of this requirement was to exclude the light duty rolled form fenders. Heavy-duty steel channel fabricated smooth or diamond tread plate fenders are required. Running boards are not required, but will be accepted.

Additional information:

New needs have been brought up, so the quantity of trailers is now two (2). Quote is now for 2 trailers.

If you have already submitted a quotation, you are encouraged and allowed to resubmit the quote if these requirements change your quote.

Should you have any questions, please call me at 417-895-7645.

Thank you,

A handwritten signature in black ink, appearing to read 'AMcNeill', written over the printed name.
